QUITA PENAS TEQUILA BLANCO

Crafted exclusively from the Weber blue agave plant, our Blanco tequila undergoes a meticulous process that sets it apart. The agave is slow-cooked in a brick oven, fostering unique traits through a deliberate fermentation using a distinctive yeast strain. A precision-driven distillation involves several cuts around the halfway point, ensuring a refined expression. Bottled with semi-artisanal care, our Blanco tequila reflects a commitment to excellence at every step, delivering a crisp and vibrant experience.

A large, artistic close-up of agave leaves, showing their sharp, pointed tips and textured surfaces. The leaves are illuminated with a warm, golden light on the left side, transitioning into a deep blue on the right, creating a dramatic gradient effect.

QUITA
PENAS

BRAND HISTORY

Quita Penas was created in 1985 and has since established itself as a soothing and uplifting tequila variety made the way great things are: with plenty of patience, time and tradition, and without haste or wasted energy. Authenticity and Mexican tradition are fundamental ingredients of this great family of 100% agave tequilas, which embody Mexican craftiness and folklore and are an essential part of the Corralejo family, based in Pénjamo, Guanajuato.

TASTING NOTES

APPEARANCE

Silver with bright nuances.

NOSE

Smooth floral and fruity aromas and a slightly sweet note of cooked agave.

TASTE

Refreshing peppermint, lime notes, and a trace of cooked agave.

FINISH

Fresh and silky finish on the palate.

QUITA PENAS TEQUILA REPOSADO

Crafted exclusively from the Weber blue agave plant, our Reposado tequila undergoes a meticulous process that sets it apart. The agave is slow-cooked in a brick oven, fostering unique traits through a deliberate fermentation using a distinctive yeast strain. A precision-driven distillation involves several cuts around the halfway point, ensuring a refined expression. The addition of an aging process imparts the extra depth needed to enhance the flavors. Bottled with semi-artisanal care, our Reposado tequila reflects a commitment to excellence at every step, delivering a smooth and nuanced experience.

A large, artistic close-up photograph of agave leaves, showing their sharp, pointed tips and textured surfaces. The lighting creates a gradient from warm golden-brown on the left to deep blue on the right, with some leaves appearing to have a frost or dew on them.

100% Macabeo

UEMV5901
11.50% ABV

FOOD MATCH

Ideal as an aperitif, to accompany starters and light, not overly sweet, desserts. Best served chilled.

TASTING NOTES

Pale yellow in color with green tones, the nose is very clean with delicate floral notes. The palate is creamy - from the fine mousse, well balanced with citrus flavors and a long finish.

PRODUCTION

Produced from, carefully selected, grapes grown in the vineyards of Penedes and picked early September. Following a cold maceration in pneumatic presses, the must is fermented in stainless steel tanks at 57F (14C). In January, a process called 'tiraje' takes place where the new wine is bottled and the second fermentation occurs in the bottle. The cava is stored in 'rima', special containers for holding the bottles in position, for a minimum of nine months before being disgorged, receiving a dosage, and being labeled.

AOC SANCERRE WHITE

LA VILLAUDIERE

BLENDING

« A great wine comes from good grapes and vines that are cultivated with Purity, Singularity and Mastery »

Terroir

Spread across 68 plots, our vines are 40 years old on average. With a mainly south-east exposure, the ripening process takes place slowly here. Grown sustainably for more than 20 years, each year we try to evolve our growing techniques. Our white Sancerre's typicity is due to the blend of the two main Sancerre terroirs. Firstly, the great clay-limestone slopes called "Terres Blanches" by the locals, which deliver more complex, structured and round wines due to the clay. The dry and rocky limestone slopes, known locally as "Caillottes", create fruity wines with floral hints, which are lively and full of freshness. Lastly, the slopes, rich in flint or "Chailloux" (shale), produce firm, mineral wines with a personality marked by those famous notes of flint. Our Sauvignon variety finds its true home in these three soil types.

Winemaking

Pressing is carried out less than three hours following harvesting. After 12 to 14 hours' settling, the must is put into temperature-controlled stainless- steel tanks where fermentation takes place at temperatures between 15 and 20°C. After fermentation, a first racking is carried out to remove the first lees. We start bottling in spring after clarifying and stabilising.

Tasting notes

A clear, light yellow colour with golden tints. The nose is expressive, combining floral aromas with white peaches and exotic fruit (pineapple, passion fruit). A bold attack harmoniously combines with freshness and tension on the palate, and is followed by a long powerful finish, bringing out a beautiful minerality.

Food pairing

Pairing food with the right wine is important. A successful pairing can transform a meal into a veritable moment of pleasure and conviviality. Served between 10 to 12 °C, this dynamic and delicious wine should be enjoyed in its youth. This wine has great personality which is perfect for a buffet and drinks party, served with vol-au-vents, fish, shellfish, oysters or a mussel cassolette.
