**LIQUID KOSHER IMPORTS**

**2020 LES GRAVES DE  
LAVAUD - LALANDE DE  
POMEROL ESTATE  
KOSHER BORDEAUX**

The Ultimate Bordeaux Value! This wine presents a nose characterized by floral aromas of rosehip and violet, interwoven with hints of dense minerality, clay, and gravel, alongside subtle notes of tart red fruit. On the palate, it reveals a weighty body with precise acidity and refreshing sour red cherry, raspberry, and green flavors, complemented by intense minerality and firm tannins. The finish is prolonged, with gripping tannins and mineral undertones of slate, rock, and graphite. While currently enjoyable, its structured nature suggests potential for further evolution and integration of flavors with aging, making it a candidate for cellaring.

# Sostener

## 100% Pinot Noir

Sostener, meaning “to sustain,” reflects our commitment to sustainable winegrowing in the Santa Lucia Highlands AVA. Crafted by acclaimed vintner Steve McIntyre and Eric Laumann, Sostener showcases estate-grown fruit from vineyards farmed with environmentally conscious practices.

The focus: producing balanced, terroir-driven Pinot Noir that reflects its origin and is food-friendly.

### Region

**AVA:** Santa Lucia Highlands, Monterey County, California

**Vineyards:** 52+ year-old vines, estate-grown from own roots

**Elevation:** 200–1,200 ft

**Climate:** Maritime influence from nearby Monterey Bay; long growing season with cool foggy mornings and breezy afternoons

**Soil:** Well-drained sandy loam with granite and marine sediment

### Winemaking

- Hand-harvested Pinot Noir, sorted and destemmed
- Small-lot fermentation in open-top tanks
- Aged 10 months in French oak barrels (25% new)
- Minimal intervention to preserve vineyard character
- Bottled unfiltered and unfined

### Tasting Notes

On the nose, you'll find aromas of leather, smoked meat, pepper, and roasted fruit. The palate is light-bodied with higher acidity, lingering tannins, and flavors of blackberry fruit and savory herbal spice. Some tasters note a significant oak presence.

### Points of Interest

- Vineyard practices focus on biodiversity and soil health
- SIP-Certified, lightweight glass bottles and renewable corks
- Maintains low-carbon footprint by producing wine 20 miles from vineyard
