CUVÉE IMPORTS

At Cuvée Imports, we believe in family dinners, appreciating life as it unfolds and the satisfaction of a hard day's work. Most importantly we believe in people - from the people who make our wines to the people you are sharing your next bottle with. That is the legacy we are building and we invite you to walk by our side in the journey.

We believe in developing close relationships with our producers as well as our distribution partners to build long term success. We believe that the consumer needs to feel connected to the wine they drink, and we wish to work together with producers to bring them the full experience of wine. History, tradition, family, and authenticity are the stories we seek to tell.

ARGENTINA

Mendoza

Familia Millán

Sustainable

Familia Millán is a family winery founded by José Jesús Millán in Mendoza, Argentina, over fifty years ago with vineyards originating in 1922. José Junior runs the estate now, in the land where he was raised, surrounded by the beautiful landscape of Mendoza with the Andes mountains, vineyards and of course the world renown Malbec. Abrasado is a play on words that combines "asado", meaning both to grill meat and also to spend time with friends, with "abrazado" which means to embrace. Thus, the Abrasado wines are meant to bring together cherished friends with a fabulous meal.

	Frontline	2cs	3cs	4cs	10cs

AUSTRIA

Carnuntum

Michaela Riedmuller

The vineyards are located on two of the most exciting locations of Carnuntum: on the slopes of Spitzerberg and Braunsberg. Both are – from a geological point of view – foothills of the Lesser Carpathians and declared nature reserves. Similar to each other and at the same time very different. Even as a child, the nature reserves with their sandy-clay or lime-rich terroir and the humidity of the Danube exerted a huge fascination on me. There is no doubt since then: to give all this to the vines and the grapes in order to be able to make them characterful and origin-influenced wines.

	Frontline	2cs

Michaela Riedmuller Federnelke Weiss Carnuntum DAC – 12x750ml – 50% Chardonnay, 50% Gruner Veltliner	\$232/\$19.33	\$216/\$18

Kamptal

Kittenburger

Organic

The history of our family business began no less than 150 years ago. From a traditional mixed agricultural business of the great-grandparents with a focus on arable farming and cattle breeding, the farm developed into a classic winery. The current generation recognized the rich potential of our soil and set the first milestone for today's wine production.

Rosner Blauer Zweigelt Klassik

Organic

Langenlois' tradition in viticulture goes back to the middle age and was practiced by its townspeople from that time on. Theresia and Johann Rosner bought the wine estate's house in 1897 and seven years later the wine cellar where wine has been produced up to today. As of 1934 Leopoldine and Franz Rosner continued the family's tradition and cultured the vines. 1958 Margarete and Franz Rosner took over the winery and expanded both, the cellar and the land. Since 1995 Renate and Norbert Rosner have been in charge and modernized the winery as well as extended the areas for vineyards.

	Frontline	2cs
Rosner Blauer Zweigelt Klassik – 12x750ml – 100% <i>Zweigelt</i>	\$184/\$15.33	\$176/\$14.67

Steiermark

Muster Gamlitz

Organic

Our winery is located in the marvelous wine region South Styria in Austria. The Illyrian climate and shadow of the Alps create varying weather conditions – hours of Mediterranean sunshine, vast temperature fluctuations and heavy rain. Even though these circumstances seem hard, they give us unique advantages on the other hand. Calmness, serenity and patience are necessary to extract the Illyrian potential.

	Frontline	2cs

FRANCE

Alsace

Cattin

Certified Organic

The Cattin Family has been settled in Voegtlinshoffen, Alsace for three centuries, and has been dedicated to viticulture and wine-making. The history of the winery is linked to the fate of key characters in the family. Each generation of talented winemakers has contributed to the development of the family-owned Estate. Owning more than 65 hectares of vineyard, the Cattin family is one of the largest family-owned Estates in Alsace. The plots, located either under the Grand Cru appellation, AOC Crémant d'Alsace or AOC Alsace, are spread over three places: Voegtlinshoffen, Steinbach and Colmar.

Beaujolais

Domaine Tracot

Practicing Biodynamic

The Tracot estate has been rooted in Beaujolais for 2 generations. Today, Jean-Paul Dubost runs the 29-hectare estate. Passionate about his terroir, he offers a range of wines that reflect all the nuances of Beaujolais. A precise and tailor-made approach with manual work all year long, respecting traditions and his terroir.

Bordeaux

Chateau Bel-Air La Royere

Organic

Château Bel-Air La Royère has belonged to the Chevrier family for 30 years. Corinne Chevrier and her family came to Château Bel-Air La Royère in 1992. Coming from a long line of cognac producers, she has continued the family tradition of excellence in wine. Spread over 14 hectares, the human scale of the château allows Corinne Chevrier to manage all the parameters while still combining research and development. She didn't hesitate to introduce the Malbec grape variety, “Bordeaux's illegitimate son” as she calls it, either blending it with Merlot or seeking its pure expression as a varietal wine. These wines are benchmarks for the appellation: elegant and distinguished, and accurate expressions of both the terroir and the passion of the person who cultivates it.

Chateau Cantinot

Organic

The Château Cantinot is primarily a family affair. After a life dedicated to the maritime world, Yann Bouscasse acquired in 2002, with his wife Florence, borned Vieljeux, the Château Cantinot, 50 km from Bordeaux, on the right bank. At the beginning of 2020, Château Cantinot took a turn. Thanks to a fair transmission of knowledge from a very young age, Tristan Bouscasse, the youngest of four children, succeeds his parents with his companion, Sophie Guillaumin-Grimaldi. The young generation has now converted the vineyard to organic farming, and a new chapter is opening for this beautiful vineyard. Since then, Andreas Larsson, World's Best Sommelier 2007, has supported this young team in the development of their blends.

	Frontline	2cs

Chateau la Bretonniere

Sustainable

Château La Bretonnière is the vision of an agricultural engineer who rebuilt a neglected 17th-century estate into a thriving Bordeaux winery. Through decades of perseverance, innovation, and sustainable farming, the château now produces award-winning wines enjoyed around the world. What sets Château La Bretonnière apart is its relentless pursuit of improvement. Working closely with expert consultants, the estate continues to refine its techniques while staying true to its artisanal roots. The result is a portfolio of wines that combine elegance, depth, and a distinct sense of place, reflecting both the heritage of Bordeaux and a modern, forward-looking spirit.

Chateau la Rose Bellevue

In the '70s, Jean-Pierre Eymas, Jérôme's father, took over a part of his father René and grandfather Ulysse's vineyard. He extended the vineyard up to the hills of Saint-Palais where Nicole's parents were farming vines, grains and cattle. The family members worked alongside each other and Jean-Pierre and his wife Nicole settled into their new winery and called it Château La Rose Bellevue. In 1997, Jérôme succeeded his father as the head of the 60 hectares family vineyard. In 2001, his wife Valérie joined the family business – applying her marketing and sales experience in both France and abroad.

Couvent des Jacobins

Nested at the heart of the World Heritage city of Saint-Émilion, Couvent des Jacobins is among those places whose soul and identity linger in the memory of those who visit it. From the Middle Ages to today, from the Jacobin Friars to the JEAN and JOINAUD families, Couvent des Jacobins has spent almost 7 centuries celebrating winemaking, an exceptional terroir, and the great tradition of the Classified Growth wine estates of Saint-Émilion, a unique UNESCO World Heritage. The wines from the domaine are now officially 'Organic-Farming' certified since vintage 2020.

Etalon Rouge

Before being bought by the famous French artist and animal painter, Thierry Bisch, the vineyard ETALON ROUGE belonged to the French actor, Gérard Depardieu (and Bernard Magrez, an important chateau owner and promoter of great Bordeaux and international wines). For eight years Denis Dubourdieu, professor of oenology at the University of Bordeaux, and wine producer in his own family vineyards, was the consultant to ETALON ROUGE. Sadly "the Pope of white wines" died in 2016, shortly after we acquired the vineyard. However, his legacy remains. Today Etalon Rouge is owned by a consortium of ten wine lovers from all over the world (éventuellement un lien aux actionnaires, on verra ça avec eux). From 2016 Christian Prud'homme, consultant and former leader of one of the famous 1st Classified Growth of Pauillac in Bordeaux, assisted Clarissa Schaefer, the "Maître de Chai", in applying the rules of bio-dynamics to Etalon Rouge and teaching her to become the wine maker she is today.

Vignobles Bernard Artigue

Conventional • Organic

The Artigue family have been winemakers in the Bordeaux region, from father to son, for four generations. Chateau La Guillaumette, a beautiful 70 acre vineyard situated in Entre-deux-Mers is dedicated to Bordeaux Supérieur, while Chateau Galeteau, is a small St-Emilion Grand Cru vineyard, with an area of just under ten acres, located on the clay-limestone soils. Dedicated to organic practices, both properties are managed today by Bernard Artigue and his sons Antoine and Alexandre.

Burgundy

Arnaud Dubreuil

Organic

The estate was created by Paul Dubreuil at the end of the 1940s. One of his sons, Philippe, in turn settled in 1973 in the center of the village and the 2 estates were reunited in 1989 following the sudden death of Paul. It was in 2000 that the third generation came to work at the family estate but it was only in 2010 that Arnaud officially settled and took the remainder of the estate. From 10 hectares in 2010, the area is gradually increasing to now reach 12.5 hectares with the arrival on the wine list of a Corton Blanc Grand Cru "Les Grandes Lolières".

Domaine de Rochebin

Sustainable

Located in the heart of the Mâconnais, in Azé, Domaine de Rochebin covers more than 50 hectares of vines in the rolling hills of Southern Burgundy. Mickaël Marillier alongside his father Jean-Pierre, and Laurent Chardigny jointly manage the estate. The three men share the same philosophy and work in the same direction. The entire vineyard is managed according to the principles of sustainable management and the plots are grassed. A family estate since 1921, passed down from father to son, which turned exclusively to vines in the early 1970s. Tradition is what the estate draws inspiration from on a daily basis to work the vines. Laurent Chardigny, from which these wines are named, is the winemaker, seeking to produce wines that offer pleasure, freshness and evolved fruit aromas.

	Frontline	2cs

Champagne

Champagne Jean Diot

Organic

In the beginning of the 1960's, Jean DIOT created the champagne who would hold his name. During the following years, he cultivated the family estate with the goal to preserve the family values and their traditions. The estate was then inherited by his children in 1998. Maison Jean Diot, based in Vinay from day one, carries on the will of its founder by producing several vins de Champagne thanks to the meticulous farming of the vineyards located on the south hills of Epernay and in the Marne's valley. A unique savoir-faire connects the vine to the wine-grower who takes care of the grape in any circumstances, the vines in return offer their most sumptuous grapes for the making of exceptional champagnes. Whole year long, the wine growing artisans look after the vineyards, to the delicate perfume of the vine variety : Pinot Noir, Pinot Meunier and Chardonnay; each of them bringing their own characteristics and subtleties.

Languedoc

Domaine de Castelnau

Sustainable

Within centuries-old walls of this exceptional domaine situated halfway between the Mediterranean Sea and the Massif Central foothills, the modern winery of Domaine Castelnau produces aromatic, fruit-forward, easy to love wines. Béatrice and Christophe Muret harvest their grapes at full maturity, limit the use of sulfites, and age on lees to achieve fresh, smooth and delicious wines.

Languedoc-Roussillon

Domaine du Bosc Rochet

Sustainable

The family vineyards of Domaine du Bosc Rochet are cared for with passion and love for the land by Michael and Christine Barthes who produce unpretentious and generous wines. Three generations have worked this rugged thirty hectare property nestled on one side on the plateau of Cazelles, with diverse soils and a rolled pebble surface. The Domaine du Bosc Rochet is based on essential values, starting with respect for the sacred bonds that unite the family, whereby the vineyard is viewed as a gift from one generation to the next.

Loire Valley

Clothilde Pain

Organic

From a line of winemakers, Clothilde has always known that she would continue the same path as my ancestors by cultivating in the Chinon vineyard that saw her grow. In 2003, she joined the family estate located in the heart of the Chinon appellation, in the municipalities of Panzoult and Cravant-les-Côteaux. It was in 2012 that she chose to take off by settling in parallel with the family estate. She is proud today to be able to shake up the classic codes of Rabelais wines and to express her personality and complexity through her vintages.

Domaine de la Commanderie

Organic

Passionate winegrowers in the heart of the Loire Valley, at the foot of the hills of the AOC Chinon, Philippe and his daughters Clothilde and Honorine operate around fifty hectares of vines under organic conversion, according to tradition and respect for the environment. Surrounded by Cabernet Franc and Chenin in the communes of Panzoult and Cravant les Coteaux, the Pain family produces convivial wines as well as exceptional cuvées. The macerations practiced accentuate the varietal expression of the Loire grape varieties for more typicality. With a rigorous aging in carefully selected barrels in the cellar, some cuvées surprise with their finesse and exoticism. It is at the rhythm of the vegetative cycle of the vine, and by practicing vinification that respects the harvest that they have found their place in the heart of the Chinon vineyards.

Domaine le Portail

Sustainable

Located less than half a mile from the famous Château de Cheverny, Domaine Le Portail, once a monastery, is now a family-owned wine estate, run by Delphine and Damien Cadoux. Planted on siliceous clay soil, Domaine Le Portail consists of 32 hectares of vineyards, two of which grow the rare and ancient Rormarantin grape in the Cour-Cheverny Appellation. The vines are cultivated and vinified the traditional way to preserve their authenticity and promote the terroir, producing aromatic and refined wines. Since 2000, the vineyards have adopted viticulture and wine production practices respectful of the environment and in compliance with the French sustainability organization Terra Vitis.

Rhone

Domaine St. Vincent

Organic

Located on the east of the village of Vinsobres, protected from the Mistral winds, the vineyards of Domaine Saint Vincent inhabit the land of the former convent of Saint Césaire de Nyons, where a chapel was erected in memory of Saint Vincent, the patron saint of winegrowers. It was in this privileged place that in the 1920's, the Domaine Saint Vincent was created. Today Philippe Lescoche and his daughter Ludivine, grow and develop the estate with great passion for the wines and the historical significance of this ancient land. The estate covers 50 hectares of vines. It is mainly constituted of Grenache and Syrah grapes, emblematic varieties of the Rhône Valley. The vine is organically cultivated with perseverance and dedication with respect for ancestral tradition and the environment. Oriented North East / South West and culminating at an altitude of more than 500 meters, the terroir of the Vinsobres hills are characterized by a great diversity of soils. Their potentiality and richness give wines great complexity. The Vinsobres terroir is expressed its strong Syrah grape variety which gives the wine its remarkable freshness and its spicy side.

GERMANY

Franken

Weingut Bickel-Stumpf

Conventional

Baden meets Franconia. This is the Bickel-Stumpf family winery today, with winemaker Matthias from Frickenhausen and his wife Manuela from Bühl near Baden-Baden. Bound by their passion for wine and their common values, Matthias and Manuela lead the family winery into the future together. Mama Carmen and Papa Reimund are also still helping out. Because that's how a family business works: Everyone puts their heart and soul into the business to produce the best wines. The winemaker family concentrates on what they love: Silvaner. Not only because the family winery has the two outstanding locations Thüngersheim and Frickenhausen, but because Silvaner is part of their identity.

Mosel

Weingut Köwerich

Organic

Weingut Nikolaus Köwerich is located on the Central Mosel, nestling on a particularly beautiful river bend between Trier and Bernkastel. The valley is sun-drenched, and this landscape, characterized by blue Devonian slate, has been growing wine here for two millennia. Riesling has been grown on the Mosel since 1465 and the Köwerich family has been listed in the town's parish register since 1548. For them, they believe that tradition belongs in the bottle, and not on it. That's why they choose unconventional names for many of their Rieslings. Nevertheless, just like their ancestors, they live by the rhythm of the vines and are allowed to produce something that accompanies humankind's magical moments.

Pfalz

St Annaberg

Organic

As we affectionately call the winery, has been part of our family since 1998. It is embedded on the edge of the Palatinate Forest, which protects the winery and its vines from storms and creates a cool, optimal climate for Riesling. Along the Southern Wine Route you can see it from afar. Below the St. Anna Chapel it is lined with terraced vineyards of the monopoly location "Burrweiler St. Annaberg" (solely owned location). On 7 hectares, the focus is on Riesling, meanwhile, 5 further hectares were in the "hidden" and gradually complement the range.

Weingut Eck

Conventional

300 hundred years of winemaking. To be able to make good wine, you have to live the viticulture. For this it is important to know exactly his vineyards and the different varieties with all their special features, because quality management begins in the vineyard. For this reason, we are involved in the entire production process throughout the year in order to leave a clear and individual signature for our wines. Location and weather are not influenced, so it is up to us every year, in interaction with nature, to get the best out of our vineyards.

Rheingau

Weingut August Eser

Sustainable

Our family-run VDP- estate AUGUST ESER cultivates 27 acres of single vineyard sites along the Rhine river. Our aim is to create authentic Rieslings and Pinot Noirs, which get their distinctive character on the south facing slopes of the Rheingau valley/Germany. You can find our winery (built around 1680) in the center of the old town of Oestrich, where we are the tenth generation of winemakers dedicated to making wines of quality. The wines mature in our tunnel vault cellar.

Weingut Hirt-Gebhardt

Conventional

The Hirt-Gebhardt winery has its origin in the center of the traditional wine village of Martinthal in the Rheingau, where the Gebhardt winemaking family has been mentioned in documents since the end of the 30-year war. Through marriage, the present name of the winery was created in 1948. Over time, Christian Gebhardt, today's senior, with his wife Elke and the support of his parents, has grown a flourishing winery with 23 hectares of vineyards from a small family business. Today, his son Christian Gebhardt Jr. is the owner of the company and thus follows in his father's footsteps. He and his wife Claire continue the family's winemaking tradition together. In order to withstand the structural change and further development in viticulture, they have decided to relocate from the narrow town in Martinthal to the Eltviller Sonnenberg. With a lot of work, heart and soul and above all the support of a strong family, they have set up their new winery in Eltville.

Rheinhessen

Weingut Gebert

Sustainable

Up to the 2019 vintage, the winery has been managed by Hans Joachim Gebert for more than 30 years. In the fifth generation, he restructured the farm from a mixed operation to a pure viticultural focus at the beginning of his career, developed the site portfolio to 28 parcels in four single vineyards to form a coherent collection, and shaped the flavor profile through quality standards and stylistics in the vineyard and cellar. There are hardly more combinations of subsoil, slope, wind direction, solar radiation and precipitation than in Rheinhessen. This multitude of microclimatic differences is particularly reflected in our four small parcel vineyard sites. Besides this diversity, defining the right grape varieties, lineages and weather-related different working steps in each case is what “terroir” means to us.

Balaton

Haloma Paloznak

Organic

Discovering Paloznak was no coincidence. Though from Budapest, my childhood memories of sailing on Lake Balaton and my passion for wine led me to settle in the Balaton Highlands. After a long search, I found the Hajnóczy vineyard in Paloznak and immediately fell in love. Our estate, built here, has since become my second home. What started as a dream in 2007 became reality with our first harvest in 2009. Today, we're proud to produce wines enjoyed by family and wine lovers alike. In collaboration with our winemaker, Attila Homonna, we focus on both innovation and tradition. Our Homola series includes Olaszrizling, Kékfrankos, Syrah, traditional method bubbles made from Furmint and Kékfrankos alongside our fresh, light "100% Balaton" wine family.

Hungary

Lajver

Sustainable

Renowned Hungarian and foreign experts have helped us to create a winery between the hills of Szekszárd that makes full use of the possibilities offered by nature with the help of the most modern technology. The processing and cellar, sunk to a depth of thirty meters, utilises the Earth's gravitational energy and natural heat storage capacity, thus ensuring the most gentle processing possible. The thirty terraced plantations formed on four boards perfectly adapt to the bed of the Lajvér stream, which provides a special and natural microclimate for the estate. This not only means that there are several degree temperature differences between the lower and upper terraces throughout the year, but also that the water content of the soil is varied. The valley, as a natural wind tunnel, ventilates the foliage and clusters of the plantations, thus helping environmentally conscious viticulture. This variety allows all of our twelve grape varieties to feel at home.

Tokaj

Balassa Winery

The boutique Balassa winery was established in 2005 by Istvan Balassa in the historic Tokaj wine region in Hungary. Right from the beginning, Istvan, a perfectionist, was determined to produce only the highest-quality wines possible by maximising the potential of each vintage. "It begins with growing grapes of outstanding quality and applying a rigorous approach to cultivation. Each wine is then created using artisanal wine-making methods, highlighting the unique characteristics of the grape, the vineyard and the terroir."

Harsányi-Pincézet

Organic

The Harsányi Winery is located in the eastern part of Tokaj-Hegyalja, near Sárospatak. The estate is unique in that, with the exception of the Rákosi period, it has been in the family for more than 170 years. In 1850, the seed of the vineyard was bought by the current owner's (Gábor Harsányi) great-great-grandfather, Jakab Rick, who was the founder of the first pharmacy in Sárospatak. In 2012, Gábor Harsányi assumed responsibility for the estate and keeping the family heritage in mind, he has expanded the size of the estate and moved to the most modern viticultural and oenological techniques. A committed believer in quality, handcrafted winemaking, his work combines tradition, as well as modernity and expertise.

Emilia-Romagna

Bonelli

Sustainable

Anacleto Bonelli founded the winery in the mid 40s, right after the war. In what could be defined today as a pioneering move, he built an activity that was extremely thoughtful of the surrounding territory by creating a network of vine growers in the Trebbia Valley and producing a new, distinctive wine, which reflected and valorized the peculiarities of the area: the Trebbianino Val Trebbia, produced with autochthonous grapes. What Anacleto pioneered almost 75 years ago is defined today as sustainability, by supporting the local community, Cantine Bonelli allows the valley to thrive and encourage future generations of growers to remain in their home region. The activity he started has been flourishing for three generations, and the family still follows his example by working with the same passion and dedication. The Trebbia Valley is a hilly area that constitutes a balanced ecosystem of vineyards alternated to woodlands and crops, making up a perfect model of biodiversity. The gravelly soil is the most ancient of all the surrounding areas and is overlooked by majestic magmatic peaks such as the Pietra Parcellara. Cantine Bonelli focuses on indigenous varietals such as Ortrugo, Malvasia di Candia, Bonarda (Croatina) and Barbera. The viticultural practices, sustainable to minimize environmental impact, maintain low yields, employ hand harvesting while the sugar, acid and taste are all in optimum balance. This allows the unique terroir to show through in each vintage.

Friuli

Plozner

Certified Organic

Since the beginning of 1900 the family Bettili has both cultivated vines and made and sold wine in the hills in the northeast of Verona. In 2013, Cristiana concluded the takeover of an historical and famous winery founded during the sixties in the area of Friuli Grave DOC, where the stony soils gives wines mineral aromas and a fresh taste. With deep convictions for sustainable practices, Cristiana focuses on healthy grapes and vineyards to minimize efforts in the cellar. Following these beliefs, the vineyards of Tenuta Plozner have been certified organic since 2016.

Tenuta Tamburnin

Organic

Tenuta Tamburnin dates back to 1840, producing wines and vermouth in the hills of the Asti province. Sisters Elena, Valeria and Claudia Gaidano farm this family estate using sustainable practices in both the vineyards and the winery, and the site is currently under organic conversion. Historically linked to the traditions of Turin, their handmade vermouth is expertly combined with pure cane sugar and a fine selection of herbs and spices such as vanilla, rhubarb, chamomile, wormwood, and gentian, before left to soak naturally in their wine.

Sicily

Cantine Grasso

Sustainable

Founded in 1887, five generations have farmed these vineyards in Milazzo of northeast Sicily. Today, Alessio, along with his sons Tullio and Carmelo, passionately remain committed to preserving tradition and skill, while utilizing sustainable practices and modern methods to produce quality wines consistently from year to year. All grapes are grown organically without chemical treatments and only vegetal fertilizers are used in the vineyards. The light and warmth of the Sicilian sun, together with the light coastal breeze and the beneficial temperature ranges, allow grapes to gradually ripen up to the moment of hand-harvesting, giving the wines pleasantly rounded notes and full expression.

Cordella Maddalena

Organic

The Cordella estate run by Maddalena Cordella and was established in 1998 when Maddalena's father, Orlando Cordella, transferred part of the bigger family estate to her. The grapes grown on the estate's vineyards since 1998 had been sold, but in 2006 Maddalena, together with her father, decided to vinify a part of the grapes produced. About 9 hectares of the carefully maintained vineyards are now assigned to winemaking. The grapes undergo thorough testing and modern agronomic practices and benefit from Maddalena's father experience, while the oenologists in charge take care of the actual wine making.

Piandaccoli

Organic

The estate began with the cultivation of vineyards by monks in 1100, before the phylloxera epidemic that hit Europe in the mid-nineteenth century wiped out the indigenous varieties present in Tuscany. Piandaccoli emerges in 1950 with the production of Chianti, but it was the vision of Dr. Giampaolo Bruni that set the stage for this incredible winery's future. He collaborated with the University of Florence, using DNA testing on grapes found in the Medici tombs, to reintroduce autochthonous varieties prevalent during the Italian Renaissance. All 20 hectares of the estate were replanted in 2004, and along with Sangiovese, Piandaccoli planted the indigenous varieties of Foglia Tonda, Pugnitello, Barsaglina, Colorino and Mammolo. This project produces truly unique and delicious wines with incredible history.

Veneto

Sorsei

Certified Organic

The Bettili family, originally from the town of Soave, are winegrowers since the early decades of the twentieth century, in addition to being winemakers and wine traders. In 1965, Siro, the father of Cristiana, leaves the original family vineyards to buy a farm in the hinterland of Garda lake, in Cavaion. Discovering that this land is suited to the cultivation of vines, Siro decided to continue the family tradition and begins to cultivate the forty year old vineyard existing on the estate. In 1999 Cristiana enters in the company, converting the 3 hectares of vineyards into organic practices. Between 2002 and 2005 the vineyard is renovated with the modern way of training, Guyot. Tenuta Sorsei takes its name from an ancient location, Sorsei, where there was a well where everyone drew water from. The wells, as the stone walls, are widespread in the town of Cavaion, a pretty little town in the hinterland of Lake Garda.

Tenuta Vignega

Certified Organic

Since the beginning of the 1900s, the Bettili family has been producing wines in the hills east of Verona. When Cristiana's father bought an estate in 1977 to operate his poultry farm, there were 8 hectares of old vines present in this Valpolicella classified appellation. Later, Cristiana took charge of the vines and with rigorous efforts to renew the vineyards, restore buildings for production and implement organic methods. Certified organic since 1999, the wines of Tenuta Vignega express tradition, character and typicity all under the directive to respect the environment.

Chateau Christi

Conventional

Since 2015, the winery with centuries-old traditions – Chateau Cristi – revives the winemaking recipes of the genius Cristi family. The legendary blend Cabernet Sauvignon – Merlot – Malbec was revived, which rightfully deserved the name “royal”. The vineyards are located in the south of Moldova, in the famous area of Troyan Val. The grapes growing in this fertile zone are famous for their selected bouquet and give the wine aromas of flowers and dried fruits, rich color and magnificent taste.

Quinta do Lagar Novo

A small agricultural property with a history of producing grapes and wines, developed over more than 200 harvests. It has approximately 5 hectares of vineyards, planted according to the best and most recent viticultural techniques, under the guidance of the owner Luís Elias Gonçalves de Carvalho. At the turn of the millennium, Luís Carvalho gathers his family and announces that he wants to convert the entire vineyard area to grape varieties with higher quality potential. Based on his knowledge and records, he opted for white grape varieties. Enology was entrusted to his eldest son, Tiago. Viticulture was given to his son, João. Design was handled by his daughter, Helena.

Frias Family Wines

In 1977, Our Family purchased 100 acres in the iconic Spring Mountain District of Napa Valley. We planted just 5 acres in 1985 and launched FRIAS Family Vineyard with our first vintage in 1987. FRIAS now has 13 acres of hillside vineyards planted to Cabernet Sauvignon. We source premium fruit from Oakville & Yountville AVAs. Second generation brothers Fernando and Manny Frias Jr. are at the helm of this artisanal family winery. Todd Heth has been our winemaker since 2004.

Impensata

Impensata is a family-inspired project with two estate vineyards: the historic Engelhard Vineyard in the western hills of Calistoga and the Ciminelli Vineyard maturing at the summit of Howell Mountain, a project most thought not possible to achieve. In addition to the estate vineyards, Impensata is privileged to source from two legendary vineyards on Howell Mountain: Ecotone (formerly known as Thorevilos) and David Abreu's Las Posadas. The vision for Impensata started the way it continues today—around a table laden with wine and brimming with conversation. With a shared passion for Tuscan winemaking. With a daring spirit to build something new...
